ICONS *and* FINISHES

Throughout this catalog we have utilized a variety of important icons and finish codes to assist you with your lighting selections. Below is a key describing each of these icons in detail as well as a list of our product finishes with abbreviated codes for easy reference.

ADA COMPLIANT

Indicates fixtures that adhere to the standards and guidelines listed by the Americans with Disabilities Act.

COMBINATION MOUNT

Indicates fixtures that are supplied with the means to be chain hung or mounted flush to the ceiling.

DARK SKY

Indicates fixtures that are engineered to minimize light glare upward into the night sky.

FIXTURE EXCEEDS 50LBS.

Indicates fixtures weighing over 50lbs. Fixtures must be supported independently of the outlet box unless the outlet box is UL listed for the appropriate weight. Required hardware included.

GU24

Energy-efficient socket accepts LED and fluorescent lamps.

INVISI-MOUNT

Indicates fixtures where the mounting hardware is hidden on the back plate.

LED

Fixtures come equipped with a fully integrated LED panel and built-in driver.

QUICKFIT

Fixtures recommended for use with QuickFit recessed can light converter kit.

TITLE 24

Title 24 is a state of California Residential Energy Code updated every three years. It applies to any project under review through a building permit. Designated LED and GU24 products meeting Title 24 also qualify for Title 21 Commercial use.

DESIGNED TO DINE >

A casual dining area is the go-to gathering space in any home.

Filling the table with family and friends for dinner parties, holiday get-togethers and Sunday brunches means the lighting must be right for any occasion. Create layers of light by pairing a chandelier with complementary styled wall sconces for added ambiance. Don't forget the added control of dimmers to set the mood from day to night!

Styling tip: Customize your dining area for every season by beginning with a neutral space and switching out textured knits and tabletop accents throughout the year. Consider greenery and florals, which bring a natural freshness to any room.

Enhance your **ENTRY**

Relax and exhale: an engaging, well-lit entryway offers immediate sanctuary from the hustle bustle of daily life while providing the perfect backdrop to warmly welcome guests. Whether you want a foyer with flair, a vestibule with vigor or an entrance exuding elegance, the right lighting provides a perfect passageway.

The light fixtures in your foyer should be at least 7' from the floor to avoid truncating the space, so consider that measurement as you evaluate flush, semi-flush or chandelier options. For two-story foyers with a window, center the chandelier so it can be seen from outside. For larger entrances, install sconces 60" from the floor and 6'-8' apart for additional illumination. To step up the safety factor, consider adding LED step lights to illuminate the areas just inside the doorway and leading into the main areas of your home.

Interior Inspiration: Tuck a table or a chair into your entryway to give it a cozier feel; adding artwork or accessories that reflect your personal style sets the tone for the rest of your home.

selecting a **STATEMENT** piece

WHETHER YOU ARE LOOKING FOR THE EPITOME OF ELEGANCE OR A MODERN MARVEL, A STATEMENT CHANDELIER CAN MAKE YOUR ROOM ROAR WITH PERSONALITY.

LIMITLESS POSSIBILITIES

With an incredible variety of styles, textures, materials, sizes, finishes and technology available today, lighting design has become more exciting and dynamic than ever before. More choices translates to more opportunities for using chandeliers as the decorative lighting element within a space. Hanging fixtures have become a perfect fit for a wide variety of room settings.

SITE SELECTION

Oohs and aahs are an inevitable outcome of unexpected and unique applications. "I love taking an intimate 'living room' approach to interior spaces not usually thought of in that way... your closet, your hallway, your bathroom are all integrated into the way you live in your home. How you illuminate a room can entirely determine its feel. Make every inch of it feel great," says Heather Garrett of Heather Garrett Interior Design in Durham, North Carolina.

For example, think about eating areas. Installing a chandelier above a formal dining room table is a tried and true traditional application, but consider brightening up your breakfast nook with a smaller scaled chandelier. Similarly, let your nighttime design shine by choosing chandeliers or pendants over bedside nightstands, dramatically changing the game from customary table lamps.

**“CHANDELIERS ARE
SUPREME WHEN IT
COMES TO ROMANCE.
TO SEE ONE IN A MASTER
CLOSET INSTANTLY GIVES
YOU 100% GLAMOUR.”**

MODERNISM

The dichotomy of bold geometric forms and fluid organic elements is a conscious design decision that packs a serious punch. The visual interest of these unexpected pairings, such as the oversized chandelier and natural wood coffee table shown here, lend a heightened sense of style to this stately living space.

SABINA™

FINISH SILVER LEAF
SHADE EGGSHELL SILK

Sabina features an airy, linked geometric form in a glistening Silver Leaf finish that infuses a jewelry-like sheen to the design. An eggshell silk shade provides an elegant backdrop to the pattern while subtly masking the light source. A delicately ribbed canopy and finial enhances its luxe feel. The perfect mix of simplicity and complexity, Sabina defines sophistication.

RE-IMAGINE RECESSED LIGHTING WITH AN EASY DECORATIVE UPGRADE

Recessed lighting is a familiar feature throughout many homes. Recessed lighting provides directional light on opposing surfaces, such as countertops and floors. The illumination provided from recessed lights often falls short in providing adequate light across the walls and ceiling. Spaces such as hallways, entryways, kitchens, bathrooms and closets can benefit from the stylish touch of a flush mount, casting light evenly throughout the entire space. Consider replacing existing recessed can lights with ceiling mounted fixtures to update your décor while providing better overall ambient lighting. With the QuickFit recessed light converter kit, it's as easy as 1-2-3! Pencil in this simple project as your next quick weekend task—no remodeling required!

FIXTURES FIT FOR A RETRO REVIVAL

GET THE LOOK *with these* ELEMENTS OF STYLE

A POP OF COLOR When choosing your hue, remember bold is better! Tangerine, magenta or emerald green are ideal tones to set a sophisticated mood, while a primary palette adds a playful edge.

CLASSIC TILE Hexagon, subway and penny tile have all upheld design's test of time. Stay true to this staple with classic white, or let your adventurous spirit shine with a bright color or metallic finish.

A VINTAGE FIND Seek out one special find that will add authenticity to your space. Hanging a brass porthole-style or starburst mirror injects an instant dose of personality. If you prefer only a dash of an earlier decade, a retro bud vase, vanity set or chic atomizer will work wonders.

PORTIA™

FINISH BRUSHED NICKEL, POLISHED NICKEL
GLASS ETCHED OPAL

Portia's slim profile unifies design and technology. A pair of blown etched opal glass cylinders extends from a center metal fixture body, creating a streamlined cylindrical form. Finished in either Brushed Nickel or Polished Nickel, this eco-efficient linear LED collection is fully dimmable and provides even, warm white light. The raceway back plate and optional junction box cover plate provide multiple mounting opportunities.

Tremont offers a bold silhouette ideal for any transitional décor. The formed linear panel of etched white acrylic creates a soft and seamless appearance while evenly diffusing the eco-efficient LED light source. Offered in Brushed Nickel or Polished Nickel, the shade is secured with sleek metal bands, riveted at each end and framed by a full-length back plate. A raceway back plate allows mounting directly to the wall without the included junction box cover plate, for a more streamlined look.

UNITY™

FINISH BRUSHED NICKEL, POLISHED NICKEL
GLASS ETCHED, SILK-SCREENED INSIDE

Unity's minimalist silhouette artfully combines form and function. A sleek cylinder of etched tempered glass, silk-screened white along the inside, is exquisitely captured on each end with solid die cast brackets precisely formed to match the contour of the glass shade. The eco-efficient linear LED light source provides warm white light and is fully dimmable. Offered in Brushed Nickel or Polished Nickel, a raceway back plate allows mounting directly to the wall without the included junction box cover plate, for a clean and minimal look when mounting vertically or horizontally.

Acclaim is a striking contemporary LED design devoted to modern simplicity. A sleek cylinder of etched tempered glass, silk-screened white along the inside, provides a uniform glow from the soft white eco-efficient LED light source. Simple and elegant die-casted end caps capture the glass shade, attaching it to the full-length back plate. Available in Brushed Nickel or Polished Nickel, the raceway back plate allows mounting directly to the wall without the included junction box cover plate, for a clean and minimal look when mounting vertically or horizontally.

JACKSON™

FINISH BRUSHED NICKEL
GLASS CLEAR SEEDY

Jackson merges traditional details such as clear seedy glass, finished glass collars and a distinctive hammered Nickel accent plate to create an exceptionally fresh design. The accent plate is riveted onto the Brushed Nickel raceway back plate while the Invisimount feature creates a seamless, polished look that is at home in a rustic lodge or an urban loft. This collection is a natural fit for lamping with vintage filament bulbs.

WALKER™

FINISH BUCKEYE BRONZE WITH HERITAGE BRASS
GLASS BOUND CLEAR

Walker has roots in the American West with its large scale, strong angular lines and no-nonsense style. The sturdy aluminum and brass construction features a two-tone finish of bold Buckeye Bronze and Heritage Brass, adding a transitional flair to its minimalist shape. A welded outer form frames an inner clear, bound glass shade. At home on the range, in a mountain cabin or creating a mid-century statement, this flexible style complements many facades.

OBJECT OF OUR *AFFECTION*

Walker's complementary finishes and multi-layer form come together to create a beautifully layered design.

Hinkley Lighting stands behind the quality of our lighting fixtures with product warranties that are among the strongest in the industry. For details of warranty coverage on specific products, please refer to hinkleylighting.com or consult a qualified Hinkley retail distributor.

Several Hinkley Lighting products are protected under U.S. Patent and foreign patent, or patent pending. For current information regarding Hinkley Lighting's patent portfolio, please visit hinkleylighting.com.

Consistent with our corporate strategy, we have printed this catalog using vegetable-based inks, paper made with wind power and FSC® certified paper which consists of 10% post-consumer recovered fiber.

According to the Mohawk Environmental Calculator, our paper selection preserves 54 trees for the future, saves 25,231 gallons of wastewater flow and prevents 4,652 lbs of greenhouse gases from being emitted into the atmosphere. Please consider joining our environmental efforts and recycling this catalog.
